

PUBLIC NOTICE

The Iowa Department of Natural Resources (DNR) is proposing to renew the Title V Operating Permit for Harsco Metals. This facility is located at 1770 Bill Sharp Blvd., Muscatine, IA 52761. The DNR is currently reviewing an application for renewal of their existing slag processing facility.

Harsco Metals is required to obtain a Title V Operating Permit pursuant to 567 Iowa Administrative Code (IAC) 22.101. This facility has the potential to emit the following air pollutants annually:

PM-10 (particulate matter ten microns or less in diameter): 16.10 tons

Particulate Matter: 16.10 tons

Sulfur Dioxide: 4.76 tons

Nitrogen Oxides: 39.40 tons

Volatile Organic Compounds: 4.37 tons

Carbon Monoxide: 10.57 tons

Hazardous Air Pollutants: 0.03 tons

Based on the information provided in the Title V Operating Permit renewal application, the IDNR has made an initial determination that the facility meets all the applicable criteria for the issuance of an operating permit specified in 567 IAC 22.107.

A copy of the Fact Sheet (which describes the facility and summarizes the permit review) and a copy of the draft Title V Operating Permit are available for public inspection at the:

Musser Public Library
304 Iowa Avenue
Muscatine, IA 52761
Phone: (563)-263-3065

These documents are also available on the Air Quality Bureau's website at:

<http://www.iowacleanair.com>

For additional information or for a copy of the draft permit or fact sheet contact:

John Woodland
Iowa Department of Natural Resources
Air Quality Bureau
502 E. 9th Street
Des Moines, Iowa 50319
Phone: (515) 725-9531
E-mail: john.woodland@dnr.iowa.gov

A complete record of the permit review, including the renewal application and the draft permit, is available for public inspection Monday-Friday, 8:00 a.m. - 4:30 p.m., at the IDNR address shown above.

The public comment period for the draft permit will run from [March xx, 2018 through April xx, 2018](#). The beginning date of this public comment period also serves as the beginning of the U.S. Environmental Protection Agency's (EPA) 45-day review period, provided the EPA does not seek a separate review period. During this time, anyone may submit written comments on the permit. Mail signed comments to John Woodland at the DNR address shown above.

Written requests for a public hearing concerning the permit may also be submitted during the comment period. Any hearing request must state the person's interest in the subject matter, and the nature of the issues proposed to be raised at the hearing. IDNR will hold a public hearing upon finding, on the basis of requests, a significant degree of relevant public interest in a draft permit. Mail hearing requests to John Woodland at the DNR address shown above.

The DNR will keep a record of the issues raised during the public participation process, and will prepare written responses to all comments received. The comments and responses will be compiled into a responsiveness summary document. After the close of the public comment period, the DNR will make a final decision on the renewal application. The responsiveness summary and the final permit will be available to the public upon request.
